MEMORANDUM FOR: See Distribution

FROM: John L. Helgerson
Associate Deputy Director for Intelligence

SUBJECT: Alabama Agricultural and Mechanical University
Faculty Members Visit

1. Faculty members from Alabama Agricultural and Mechanical University, Normal, Alabama have accepted our invitation to visit CIA Headquarters to attend a directorate-sponsored, pre-recruitment informational seminar on 9 September 1986.

2. The seminar is aimed at providing a fuller understanding of what we do and our rather unique needs and hiring procedures. Alabama A & M offers a wide range of academic studies commensurate to our personnel needs. Hopefully, this one-day session will alleviate some of the misconceptions about Agency employment and develop a lasting relationship so that their top students will be encouraged to include CIA in their future plans.

3. I want to thank all those who have agreed to participate by providing the faculty members with first-hand information on the kinds of activities and career opportunities available in your particular area.
